Dentists General Practice Program  
Medical Malpractice Rate and Rule Filing  
Proposed Effective Date: Earliest Possible Date Upon Approval/Acknowledgement  
Company Filing Number: LIUMMDGPIL0901R

Mr. John Gatlin:

On behalf of Liberty Insurance Underwriters, Inc. (the "Company" or "LIUI"), we are filing to introduce a new Dentists General Practice Program, which will "me-too" Fireman's Fund Dentist Program rates and rules with little or no deviations.

Enclosed are copies of the proposed rate & rules manual. The policy language and all independent forms and endorsements associated with this program have been submitted to your jurisdiction on January 23, 2009 under SERFF Tracking No. PERR-125993837 (Company Filing No. LIUMMDGPIL0901F).

As this is a new program filing, there is no historical experience upon which to rely in the derivation of the rates & rules for this coverage. The proposed rates were developed based on a comparison to a rate filing of LIUI's target company, Fireman's Fund Insurance Company (Fireman's) effective 08/01/2005 in Illinois (Co. Filing # DPL-01-05-RIL). These Fireman's rates were adjusted for differences in expense provisions between Fireman's and LIUI, which can be seen in Exhibits 1 & 2. Additional support for LIUI's proposed rating plan can be seen on Exhibits 3 through 12. A material difference between rating plans is the discount for Deletion of Business Liability Coverages. This discount is 10.0% for Fireman's vs. 15.0% for Fireman's LIUI. The only other material difference between rating plans is some Additional Insureds Premium Charges on Exhibit 12. These differences are based upon underwriting judgment. Due to the fact that this is a new program filing, the historical experience for this program will be closely monitored for appropriate rate adequacy. If requested, LIUI would be willing to provide historical loss experience as it becomes available.

The Company respectfully requests that this filing be implemented for all policies on the earliest possible date upon approval/acknowledgement.

Enclosed is authorization for Perr&Knight to submit this filing on behalf of the Company. All correspondence related to this filing should be directed to Perr&Knight. The Company has prepared the rates and rules contained in this filing along with the filing memorandum. If there are any requests for additional information related to items prepared by the Company, we will forward the request immediately to the Company contact. The Company response will be submitted to your attention as soon as we receive it.

We trust you will find this submission acceptable and as such look forward to your approval.

Please do not hesitate to contact us with any questions or comments.

Sincerely,

Ms. Begunova,

The Department has now completed its review of the filing referenced above. The Director signed off on this filing on December 9, 2009. Originally, Liberty requested the filing be effective January 28, 2009. Was the rate/rule filing put in effect on January 28, 2009? Your prompt response is appreciated.

Dear Mrs. Neuman,

Thank you for your e-mail. On behalf of the Company, we are providing the following response:

In your questions dated July 8, 2009, you had requested territory factors, base rates, and class specialty factors. Unfortunately, the Company does not have one specific base rate from which to apply territory and class factors. Rather, base rates for each of the classes and territories are listed on page 1 of the Illinois State Exception Page. However, if one were to derive territory and class factors from these rates, they would be as follows:

Class I = 0.50; Class II = 1.00; Class III = 3.00; Class IV = 3.50.  
Territory I = 1.50; Territory II = 1.00.  
Claims Made Rates = 0.90; Occurrence Rates = 1.00.

Using these relativities, the base rate is the Occurrence Rates, Class II, Territory II = \$1,778. Note, there may be minor differences to the actual rates listed on the manual pages due to rounding.

Please let us know if any further questions or comments egress.

Sincerely,

Ms. Bequnova,

I am in receipt of your response dated June 15, 2009.

On issue #4, I had requested territory factors, base rates and class specialty factors. Your response said it was on page 1 of the Illinois State Exception pages. However, the factors and base rates are not provided.

Your prompt attention is requested.

Dear Ms. Neuman,

Liberty Insurance Underwriters, Inc. would like to amend this rate and rule filing to incorporate a minor change to the countrywide rating manual. Specifically, the two paragraphs in Section (8) (b) on page 7 do not match. The Company's intent is to charge an ERP premium based upon the mature claims-made rates in effect upon the inception of the terminated policy. The attached manual page reflects this change.

Please let me know if you have any questions.

- (5) In the event this policy is canceled, any return premium due the insured shall be credited toward the premium for Extended Reporting Period coverage, if elected. If any premium remains due for the primary claims made policy, any moneys received from the insured shall first be applied to the premium owed on the policy and then to the Extended Reporting Period coverage.
- (6) Extended Reporting Period coverage premium is fully earned when paid.
- (7) The Extended Reporting Period Endorsement will not:
  - (a) Increase the limits of liability
  - (b) Reinstatement the aggregate limit of liability under the expiring policy, or
  - (c) Extend the policy period
- (8) Extended Reporting Period coverage premium shall be calculated according to the following rules:
  - (a) The Insured must pay the premium for the Extended Reporting Endorsement within 30 days of the termination of the policy or the offer will be deemed rejected.
  - (b) Extended Reporting Premium, is calculated as a percentage of the mature claims-made premium rate in effect at the expiration of the policy based upon the applicable Dental practitioners classification and, level of claims-made coverage maturity.

The factors in the table below shall be applied to the mature claims-made rate in effect at the expiration of the terminated policy. The extension period shall be unlimited unless otherwise noted.

Dear Mrs. Neuman,

Thank you for your June 9 e-mail. The Company is addressing your objections in the following manner:

- 1) Please find the attached ILLINOIS CERTIFICATION FORM document.**
- 2) The statistical agency will be ISO.**
- 3) Please find the attached revised Illinois State Exception Pages, which includes two new installment options. We believe these rules coincide with the IL minimum requirements.**
- 4) All of this information is listed on page 1 of the Illinois State Exception Page.**
- 5) The Optional Extended Reporting Period is unlimited. The Death or Disability ERP is unlimited until the executor is dismissed, in the event of death, and unlimited until no longer disabled, in the case of disability.**
- 6) These two are not related. Item 9 on page 4 refers to risks that are extremely unique and do not otherwise fall into the rating manual, while the Individual Risk Modification Plan on page 14 represents the Company's Schedule Rating plan.**
- 7) The Newly Graduated Dentist discount on page 12 is separate from the claims-made step factors on page 5. The claims-made step factors are also applied to any insured that was previously covered by another carrier and purchased tail coverage from that carrier. Conversely, the Newly Graduated Dentist discount would be applied in addition to the step factors (if applicable).**

We trust you find this response acceptable and sufficient to continue the submission review.

Ms. Begunova,

I am reviewing the above referenced filing submitted with your letter dated January 27, 2009. The submission is not acceptable for filing in Illinois due to the following issue(s):

1. 215 ILCS 5/155.18 states it shall be certified in this filing by an officer of the company and a qualified actuary that the company's rates are based on sound actuarial principles and are not inconsistent with the company's experience. This information is required in every rate/rule filing for medical malpractice.

2. Please indicate if your company has a plan for the gathering of statistics or the reporting of statistics to statistical agencies? If yes, what stat agency is being used?

3. Pursuant to 50 Ill. Adm. Code 929, all companies writing medical liability insurance shall file with the Secretary or Director a plan to offer each medical liability insured the option to make premium payments, in at least quarterly installments. For purposes of this requirement, insurers may, but are not required to, offer such premium installment plans to insureds whose annual premiums are less than \$500, or for premium for any extension of a reporting period. Quarterly installment premium payment plans subject to this Section shall be included in the initial offer of the policy, or in the first policy renewal occurring after January 1, 2006. Thereafter, the insurer may, but need not re-offer such payment plan, but if an insured requests such payment plan at a later date, the insurer must make it available. All quarterly installment premium payment plan provisions shall be contained in the filed rate and/or rule manual in a section entitled, "Quarterly Installment Option" or a substantially similar title. If the company uses a substantially similar title, the Rule Submission Letter must indicate the name of the section that complies with this requirement. All quarterly installment premium payment plans shall include the minimum standards listed below. Insurers may provide for quarterly installment premium payment plans that differ from these minimum standards, as long as such plans have terms that are at least as or more favorable than those listed below.

- i) An initial payment of no more than 40% of the estimated total premium due at policy inception;
- ii) The remaining premium spread equally among the second, third, and fourth installments, with the maximum for such installments set at 30% of the estimated total premium, and due 3, 6, and 9 months from policy inception, respectively;
- iii) No interest charges;
- iv) Installment charges or fees of no more than 1% of the total premium or \$25.00, whichever is less;
- v) A provision stating that additional premium resulting from changes to the policy shall be spread equally over the remaining installments, if any. If there are no remaining installments, additional premium resulting from changes to a policy may be billed immediately as a separate transaction.

4. Please provide the territory factors, base rates, and class specialty factors.

5. Are the extended reporting periods offered for 12 months or unlimited?

6. Is #9 on page 4 referencing the Individual Risk Modification Plan on page 14?

7. Does the Newly Graduated Dentist discount duplicate the factors listed in the chart on page 5?

Please forward your response by no later than June 19, 2009. Thank you for your cooperation.

**FILING MEMORANDUM – Rates/Rules/Forms**

On behalf of Liberty Insurance Underwriters, Inc. ("LIUI") we are filing to introduce a new Dentists General Practice Program, which will "me-too" Fireman's Fund Dentist Program rates and rules with little or no deviations. Enclosed are copies of the proposed rate & rules manual, as well as the policy language and all endorsement associated with this program. For this new program, all forms are independent. See the attached forms list for additional information regarding the forms.

As this is a new program filing, there is no historical experience upon which to rely in the derivation of the rates & rules for this coverage. The proposed rates were developed based on a comparison to a rate filing of LIUI's target company, Fireman's Fund Insurance Company (Fireman's) effective 08/01/2005 in Illinois (Co. Filing # DPL-01-05-RIL). These Fireman's rates were adjusted for differences in expense provisions between Fireman's and LIUI, which can be seen in Exhibits 1 & 2. Additional support for LIUI's proposed rating plan can be seen on Exhibits 3 through 12. A material difference between rating plans is the discount for Deletion of Business Liability Coverages. This discount is 10.0% for Fireman's vs. 15.0% for Fireman's LIUI. The only other material difference between rating plans is some Additional Insureds Premium Charges on Exhibit 12. These differences are based upon underwriting judgment.

Due to the fact that this is a new program filing, the historical experience for this program will be closely monitored for appropriate rate adequacy. If requested, LIUI would be willing to provide historical loss experience as it becomes available.

We respectfully request the earliest possible effective date for this filing.

4) Policy Term

Policies may be written for a specified term for up to one year and shall be subject to annual rate and underwriting review.

5) Policy Cancellations

- a) Compute the return premium on a pro rata basis using the rules, rates and rating plans in effect at policy inception when:
- (1) A policy is canceled at the company's request,
  - (2) The insured no longer has a financial or insurable interest in the business operation that is the subject of insurance, or
  - (3) A policy is canceled and rewritten in the same company or company group.
- b) If coverage is canceled at the insured's request, the company may compute the return premium at 90% of the pro rata unearned premium.

6) Premium Computation

Premium computation shall be governed by the following rules:

- a) Premium shall be computed at policy inception by using the rules, rates and rating plans in effect at policy inception. At subsequent renewals, compute the premium using the rules, rates and rating plans in effect at that time.

- b) All rates shown in the State Rate Pages are for an annual period except those applicable to any Extended Reporting Period. Premium shall be prorated when a policy is issued for less than one year.
  - c) Premium and rates are to be rounded to the nearest whole dollar. Any amount of \$.50 or over shall be rounded to the next highest whole dollar. Any amount of \$.49 or under shall be rounded to the next lowest whole dollar.
  - d) Where applicable, factors or multipliers are to be applied consecutively and not added together. Rates, factors and multipliers are to be rounded after the final calculation of premium to three decimal places. Five tenths or more of a thousandth shall be considered to be one thousandth (e.g., .4315 = .432).
- 7) Mid-term Premium Changes
- a) Waive additional or return premium charges of \$15 or less.
  - b) Prorate all changes using the rates and rules in effect at policy inception.
  - c) Mandatory Dental Professional Liability coverage may not be deleted unless the entire policy is canceled.
- 8) Location of Practice/Exposure
- The rates indicated on the State Rate Pages are predicated on the exposure being derived from professional practice within the state. Insureds whose practice exposure is greater than 25% outside the state shall be referred to the Company for underwriting approval and rating.
- 9) Restrictions of Coverage or Increased Rate
- Subject to individual state regulations, policies may be issued with special restrictions or at increased premiums if the insured agrees in writing and the policy would not otherwise be written.
- Any (a) rated risk written under this program shall maintain a complete file, including all details of the factors used in determining the rate modification and make such file available to state regulators upon request. Rates shall not be inadequate, excessive or unfairly discriminatory and will follow individual state regulations.
- 10) Claims-Made Coverage General Rules
- a) Retroactive Date
- The Retroactive Date is a specific date on the Declarations Page of the policy. Once a Retroactive Date is established for an insured by the Company, it may not be changed by the Company during a period of continuous coverage.

DENTAL PROFESSIONAL PROGRAM****RATES & RULES MANUAL****(9) Death & Disability Benefits**

If a named insured dental practitioner dies or become disabled while this policy is in effect, we will issue the Extended Reporting Period without requiring the payment of any additional premium. Disability shall mean the total and permanent disability from the practice of clinical dentistry for a period of six consecutive months without expectation of recovery. In order to obtain a waiver of the premium for the Extended Reporting Period, the disability or death must result from sickness or accidental bodily injury and be confirmed in writing by an independent attending physician.

**(10) Retirement Benefits**

Named insured dental practitioners that fully retire from the practice of dentistry, will be eligible for the waiver or reduction of the Extended Reporting Period premium that may apply. These retirement benefits are not applicable unless they have met our policy premium payment obligations and completely retire from the practice of dentistry. This benefit is not applicable to Organization Coverage.

Retirement benefits are fully earned as follows:

If the policy is terminated due to retirement of the insured at age 55 or more and insured with LIU for 5 consecutive years, the Extended Reporting Period Endorsement premium will be waived.

In order to receive the retirement benefit for the Extended Reporting Period, proof of the insured's retirement must be sent to us within 30 days following retirement. If the insured owes us any premium, they must pay us before we will issue the Extended Reporting Period.

**B) DENTAL CLASSIFICATIONS****1) Dental Practitioner Classifications**

The following definitions shall be used to assist in determining the appropriate classification for an individual dental practitioner based upon the nature of their dental practice. The company reserves the right to determine an individual dentist's classification based upon the dental and anesthetic procedures performed. Exceptions to these classifications, if any, shall be contained in the respective State Exceptions page.

DENTAL PROFESSIONAL PROGRAM****RATES & RULES MANUAL****a) Classification Definitions:****(1) Conscious Sedation**

Conscious Sedation means a minimally depressed level of consciousness that retains the patient's ability to independently and continuously maintain an airway and respond appropriately to physical stimulation and verbal commands. This is produced by pharmacological or non-pharmacological methods, or a combination thereof. For purposes of this insurance, the use of nitrous oxide solely as an analgesic shall not be considered conscious sedation.

**(2) Deep Sedation**

Deep Sedation means a controlled state of depressed consciousness or unconsciousness, accompanied by partial or complete loss of protective reflexes, including the inability to independently maintain an airway and respond purposely to physical stimulation or verbal commands. This is produced by a pharmacological or non-pharmacological method, or a combination thereof.

**(3) General Anesthesia**

Deep Sedation means a controlled state of depressed consciousness or unconsciousness, accompanied by partial or complete loss of protective reflexes, including the inability to independently maintain an airway and respond purposely to physical stimulation or verbal commands. This is produced by a pharmacological or non-pharmacological method, or a combination thereof.

**b) Classification Plan:**

Dental Practitioner classifications shall be determined based upon their level of practice exposure as reflected in the area of practice, administration and types of anesthetic agents used and environment in which they are administered. Use the following table of Dental Practitioner classifications to determine the appropriate premium class.

If more than one classification applies, the highest rated classification shall be used for premium rating.
